

TAWATINAW VALLEY

November 17, 2018

On behalf of the Board of the Tawatinaw Valley Ski Club, we are very pleased to welcome our new General Manager for Tawatinaw Valley, Mr. Steve Kimpton. As well as his more recent experience in Human Resources and Labour Relations, Steve has extensive ski industry experience, including time at Fernie Snow Valley in B.C. and Blackstrap Ski Hill in Saskatchewan. His background in operations, equipment maintenance and safety will be an asset to our organization.

Steve originally hails from Saskatchewan but has lived and worked in Alberta for the last 15 years, moving to the Rochester area one year ago. He enjoys spending time in the outdoors, hunting, fishing and camping. He skis and snowboards and is looking forward to returning to his roots in the ski industry.

We know Steve will be very successful in his GM role and we look forward to his leadership as we move into the coming season.
