philosophy

Vida Spas educate guests on the etiquette of quality consumer time and ‘minute to minute’ service. We offer full 60, 90 or 120 minute services vs. 50 and 80 minutes. Vida believes that these extra 10 minutes make a world of difference in your treatment. It gives our therapists more time to focus on your specific needs and, as most guests just begin to relax after 45 minutes, it allows you to continue to drift into a state of harmony.

Vida also believes in booking an extra 15 minutes after every full treatment, so our team can educate you on home care stretches or product recommendations. This also gives our team time to clean the room properly after your service allowing them to meet all health standards and not be run off their feet to get ready to give the best to our next guest.

At Vida, we are pleased to welcome you to an environment that manifests everything we believe in. Our goal is to revitalize your sense of well-being while restoring your energy. Every treatment is as unique as your needs so your body, mind and spirit are all brought into perfect harmony. Live well. Live long.

Vida Ayurvedic Treatments

Many of our treatments are based on the principles of Ayurveda, a 5,000-year old system of holistic Indian medicine. According to this philosophy, the key to a long and healthy life is achieving a balance between body, mind and spirit. Ayurvedic treatments work from the inside out to bring your dosha (personality) into perfect harmony so you can enjoy perfect health.

That's why it's important that you determine what your dominant dosha is, so you can gain the most from your Vida experience. Just complete the following quiz:

CORPORATE CLIENT FEEDBACK

“Anna and I just wanted to send you all a note to say thank you so much for making Chatelaine's Girlfriend's Getaway contest so fabulous! I have to tell you that our entire group had the most incredible time. I am still receiving letters from the women raving about their overall experience. Most of our winners had never been to Whistler before, never had massages, nor had they ever had the opportunity to stay in a hotel like the Château Whistler. They were all completely blown away and truly felt like princesses... which is exactly what we had wished for. A purely decadent experience!!!”

Marketing Director, Chatelaine Magazine

“Hands down the best spa in town is Vida. Not only is the setting gorgeous and the therapists first rate, but the attention to detail and friendly service truly go above and beyond. We organize several employee “outings” every year. They range from attending a baseball game together to chartering a boat, etc. Nothing ensures 100% participating like when we book a spa day at Vida. Thank you for always taking such wonderful care of our employees and our guests.”
